### **“SKILL IN INDIA” PROGRAMME TO MAKE RURAL YOUTH GLOBALLY EMPLOYABLE**

The Rural Development Ministry on 25<sup>th</sup> September, Thursday announced a reworked skill development scheme, aimed at providing quality skill training and placement opportunities to poor rural youth and to take forward Prime Minister Narendra Modi’s **“Make in India”** vision.

The Deen Dayal Upadhyaya Grameen Kaushalya Yojna (DDU-GKY) seeks to re-position rural India in the 15-45 age groups as a resource that can support the needs of global manufacturing industry, said a senior RD official. He added that the Ministry has already identified countries such as the US, Japan, Russia, Germany, France, Spain, Britain and China apart from countries in the Middle East which have demand for skilled and semi-skilled manpower.

The move aims to tap the job potential in the developed countries which are predicted “to face a shortfall of 57million semi-skilled manpower by 2020 while India is expected to have a surplus of 47 million.

### **India's rural youth will be capable of employment in different countries after undergoing training under this ambitious skill development programme launched by the government.**

The scheme will tap rural India and promote the Rural India Skills Mark (RISM) as a globally recognised stamp of quality. "We want to take it right up to the international standards. We want the people to be placed globally. We have identified seven such countries with such a huge requirement," the official said. Maj. Gen. D. K. Jamwal, CEO presented SSSDC in the conference.

## **THE CONTROLLING AUTHORITY NCTD OF DELHI SOUGHT CAPSI ROLE IN PSARA COMPLIANCE**

A public notice published in the Hindustan Times, dated 1st October, 2014 (page 16) by the Addl. Secretary (Home) cum Controlling Authority states that the online information required to be furnished by the licensed 512 PSA's by July 28th, 2014 has not been done despite the department's repeated notices in the press. Individual notices were also sent to 261 PSA's at their given addresses.

Many PSA's have not responded to the aforesaid notices. A list of 118 defaulting agencies has been displayed on the department site. CAPSI's Delhi Chapter Chairman and delegates were in dialogue with the department and had expressed their concerns regarding the privacy issues and sensitive nature of the information required. The Controlling Authority was receptive to the concerns expressed and had pruned the information to the necessary data required for streamlining and developing governance of the licensed PSA's.

The Deputy Secretary (Home) vide his letter dated 30th September, delivered by hand at the CAPSI National HQ on the 1st October desired that CAPSI representative/s to attend a meeting with the Controlling Authority/Addl. Secretary (Home) at 1500 hrs at Delhi Secretariat. The Chairman assigned Vice-Chairman (Legal & Licensing) Shri Jasbir Wasu to attend the meeting. Mr. Wasu was also accompanied by Maj. Chauhan from the Delhi Chapter and a delegate. The Controlling Authority Shri G.P. Singh was aided by his colleagues Shri R.K. Ahuja (Dy. Secretary-Home) and Shri

Santulan Choubey, Director, Delhi e-Governance Society.

At the very outset of the meeting the Controlling Authority made known his disappointment and displeasure with the PSA's who had failed to comply with the regulatory information required. He requested the Director, e-Governance to elaborate on the steps taken and being further taken to ensure that the privacy of information is ensured. He asserted that in view of the concerns expressed by CAPSI they were putting into process encryption codes which would secure the provided information. Currently, each licensee was being issued a 'User Id & Password' which would ensure access to information only by the Password holder and not to the public at large unless the User shares the password.

Mr. Singh cited that the department site listed 118 defaulters who had not complied despite repeated notices and that the department was considering cancellation of their licenses and also police action could be taken. However, since these steps may hinder the business operations of the defaulting agencies hence a last chance is being accorded for compliance and such agencies are to appear before Deputy Secretary (Home) during 1100 to 1300 hrs on assigned three dates i.e. October 7th, 9th and 10th, 2014.

CAPSI leadership exhorts and lays emphasis on the values that regulation and good governance would bring to the profession and business and impresses on its members to immediately arrange compliance without any apprehensions. Defaulting PSA's are impressed upon to represent their case on the dates assigned. Other issues such as training norms and recognition of SSSDC affiliated training partners

were also discussed by Mr. Jasbir Wasu with reference to the SSSDC CEO's meeting and presentation to the Controlling Authority. The Controlling Authority kindly assured that the matter was being proactively considered and a favorable decision would follow in the coming days.

CAPSI also shared the Controlling Authority's concern for the unlicensed PSA's operating in the grey market and contemplated taking stronger measures to encourage them to seek licenses and join the mainstream or face stringent penal measures as envisaged in the Act and the Rules framed there under.

The Controlling Authority expressed the desire to work closely with CAPSI and utilize its resources for providing better governance and compliant regulation for the development of the Private Security Sector.

## **LABOUR MARKET INFORMATION SYSTEM (LMIS) FOR PRIVATE SECURITY SECTOR IN INDIA**

On 22 Sep 2014, SSSDC and Empowered Skills organised a roundtable conference on LMIS at India International Centre, New Delhi, where the preliminary survey results

were presented. This event was attended by officials from UKIERI as well. Further, surveys of Principal Employers (45), Private Security Agencies (50), Trainers (10) and Private Security Guards (450) have been completed covering 13 key cities of India. The survey covers key aspects relating to hiring practices, wages, demand and supply, training, regulatory and other key issues pertaining to the PSS in the country. **Final report, including the survey findings, will be released at the CAPSI Leadership Summit in December, 2014.** A successful implementation of the LMIS for the PSS will provide much needed information to all the stakeholders for improved decision making and also leading it a step closer to making the industry more organized.
